Mike,

Attached is Lori's list of sites. It's supposed to be everything and you can sort it to what you are looking for. An example is I looked for **Nonresponsive based on revised scope** and it's in there. If this is TMI let me know and I will have her change. Thanks.

Hi Kevin,

Attached is a list of all of our sites from the very beginning of time. The Master list tab encompasses all of our sites. I hope this is what Mike was looking for that would enable him get a better idea of our universe of sites for the Removal Program. If you need anything else, please let me know. Thx.
